TIMECODE DIALOGUE

START TIMECODE 01:00:00:01 AT FIRST FRAME OF PICTURE

TEASER

01:00:06:19 TECHNICIAN: We're receiving a transmission, sir, audio only.

01:00:09:15 HAMMOND: Let's hear it.

01:00:13:11 (STATIC AND GARBLED TRANSMISSION PLAYING)

01:00:17:23 CARTER: I'll see if I can clean it up.

01:00:19:15 VOICE (FILTERED): Please respond. Repeat, this is Commander Hale, Chairman
of the Kelownan Defense Council calling Stargate Command. Please
respond.

01:00:30:14 CARTER: At approximately 0700 this morning, we received a transmission from
P2S 4C3.

01:00:36:11 HAMMOND: The man identified himself as Commander Hale, Chairman of the
Kelownan Defense Council.

01:00:41:09 JONAS: He's been promoted. When I left, he was Undersecretary for Military
Appropriations.

01:00:44:29 CARTER: Well, according to the Commander, the Kelownan government wants to re-establish trade relations with Earth.

01:00:50:09 O'NEILL: I hope you diplomatically told him where to shove it.

01:00:53:23 HAMMOND: It's not that simple, Colonel.

01:00:55:08 O'NEILL: They tried to frame Daniel.

01:00:58:01 JONAS: I don't think it's fair to judge the entire population by the actions of a few scientists.

01:01:02:26 TEAL'C: The Kelownans are technologically inferior to Earth. They have little to offer.

01:01:06:20 CARTER: Except Naquadria.

01:01:08:22 O'NEILL: Which doesn't work.

01:01:10:29 CARTER: The hyperspace drive on the X-302 didn't work.

01:01:13:28 CARTER (CONT'D O/S): That doesn't mean we should give up. Naquadria is still our best bet for creating shields and weapons...

01:01:19:09 CARTER (CONT'D): capable of repelling the Goa'uld. We need this.

ACT ONE

01:03:02:06 TEAL'C: The Kelownan delegation will arrive soon.

01:03:04:00 JONAS: Yeah.

01:03:06:02 TEAL'C: Is there a problem, Jonas Quinn?

01:03:11:21 JONAS: I've just been so caught up in being a member of SG-1, I kind of forgot how this whole thing started.

01:03:18:05 TEAL'C (O/S): We have taken similar paths.

01:03:19:27 TEAL'C (CONT'D): I too was forced to betray all of that in which I had placed my faith.

01:03:25:19 JONAS: I don't know if I can do it, Teal'c. I mean, they think that I'm a traitor.

01:03:37:00 TEAL'C: When I returned to Chulak after leaving the service of Apophis, I too was considered a traitor...

01:03:43:05 TEAL'C (CONT'D O/S): sholva to my friends and family that I had left behind.

01:03:46:25 TEAL'C (CONT'D): In their eyes, I was dead.

01:03:49:06 JONAS: It must have been hard for you to go back.

01:03:51:20 TEAL'C: What I did, I did for my people. In time, they came to understand this.

01:03:59:27 JONAS (SIGHING): Well...I don't think my people are ever going to have a chance
 to know the truth.

01:04:07:20 TEAL'C: Then you must draw strength in knowing that your cause is just, and, one
 day, your people will benefit from the sacrifices that you have made.

01:04:27:01 HAMMOND: Welcome to Earth. I'm General Hammond.

01:04:31:18 COMMANDER HALE: I'm Commander Hale. This is Ambassador Dreylock and
 Dr. Kieran.

01:04:35:09 HAMMOND (O/S): This is Colonel O'Neill, Major Carter, Teal'c, and, of course,
 you know Jonas Quinn.

01:04:40:15 JONAS: It's good to see you, Professor.

01:04:42:23 DR. KIERAN: General, I believe we have a lot

01:04:44:14 DR. KIERAN (CONT'D O/S): to discuss.

01:04:47:23 HAMMOND: Right this way.

01:04:59:25 O'NEILL: Friend of yours?

01:05:03:16 JONAS: He was one of my teachers at university, and then he recruited me into the Naquadria project. We've been working together side by side the last six years.

01:05:21:10 HAMMOND: Please, sit down.

01:05:24:11 HAMMOND (O/S): I must admit that we were a little surprised to hear from you...

01:05:28:26 HAMMOND (CONT'D): given the circumstances of our last encounter.

01:05:31:08 AMBASSADOR DREYLOCK: I'm sure we all regret what happened, but I don't think anything was said or done...

01:05:35:28 AMBASSADOR DREYLOCK (CONT'D O/S): to damage relations between us irreparably.

01:05:38:18 O'NEILL: You accused a member of my team of sabotage to cover up your own incompetence.

01:05:42:04 COMMANDER HALE: And you received stolen goods...

01:05:44:02 COMMANDER HALE (CONT'D): and are harboring a traitor.

01:05:47:24 AMBASSADOR DREYLOCK: Perhaps it would be better if we focused on the matter at hand.

01:05:50:17 HAMMOND: Which is what, exactly?

01:05:52:14 AMBASSADOR DREYLOCK: For several years...

01:05:54:08 AMBASSADOR DREYLOCK (CONT'D O/S): an uneasy peace has resulted from
 the rivalry between the three major powers...

01:05:57:23 AMBASSADOR DREYLOCK (CONT'D): on our planet--Kelowna, Tirania, and the
 Andari Federation. All of that is about to change.

01:06:06:17 COMMANDER HALE: According to our foreign intelligence service, the Tiranians
 and the Andaris are about to sign a non-aggression pact. This would
 leave us in a very vulnerable position.

01:06:16:17 O'NEILL: I'm just curious. What made you think we would care?

01:06:21:29 DR. KIERAN: We still have something that you want, Colonel--Naquadria.

01:06:28:01 AMBASSADOR DREYLOCK (O/S): In fact, thanks to recent discoveries...

01:06:30:04 AMBASSADOR DREYLOCK (CONT'D): we have a considerable surplus.

01:06:32:25 DR. KIERAN: We know that you're decades ahead of us technologically. In the
 field of jet propulsion alone, you could provide us...

01:06:40:06 DR. KIERAN (CONT'D O/S): with a significant strategic advantage.

01:06:42:11 CARTER: You want us to give you military technology?

01:08:26:05 JONAS: Just before I left, we did a detailed projection based on this scenario. We calculated that the combined enemy forces would achieve total air superiority within the first five weeks of the war.

01:08:35:22 CARTER: So if the Kelownans are going to use the bomb, they'll have to do it fast.

01:08:38:14 JONAS: They're probably considering a preemptive first strike.

01:08:41:06 O'NEILL: Really?

01:08:42:22 JONAS: Colonel, I helped research this report. If they stick with conventional weapons, we are looking at a complete collapse of their entire military within six months.

01:08:52:14 CARTER: Can't they negotiate? I mean, what are they fighting for, anyway?

01:08:56:19 JONAS (O/S): Well, there's a thousand...

01:08:58:09 JONAS (CONT'D): different grievances that go back generations. The last major conflict we had was 20 years ago. Nothing was resolved. The only difference is that in the past, the Tiranians and Andaris hated each other more than the Kelownans.

01:09:09:27 O'NEILL: Apparently, they got over it.

01:09:12:00 JONAS: No, it's a marriage of convenience. Sooner or later, they'll turn on each other, but, by then, it'll be too late for Kelowna.

01:09:16:19 O'NEILL: Jonas, you're a member of SG-1 now. Your priorities have changed.

01:09:27:22 O'NEILL: You wanted to see me, sir?

01:09:30:07 HAMMOND: The Joint Chiefs are meeting in an hour. They're going to want me to
give them a recommendation.

01:09:38:10 O'NEILL: We can't do it, sir.

01:09:40:04 HAMMOND: You don't think we should help them defend themselves?

01:09:43:04 O'NEILL: No, I have nothing against them defending themselves, but how do we
know they'll stop there?

01:09:48:15 HAMMOND: You sound like Dr. Jackson.

01:09:51:04 O'NEILL: We spent some time together.

01:09:53:07 HAMMOND: But I have to wonder if this doesn't have more to do with your own
personal distaste for the Kelownans.

01:09:57:19 O'NEILL: Possibly, sir.

01:09:58:25 (KLAXONS BLARING)

01:10:00:15 TECHNICIAN (O/S FILTERED): Unscheduled offworld activation.

01:10:07:00 HAMMOND: Private?

01:10:08:15 TECHNICIAN: We're receiving a signal, sir. It's the Kelownans.

01:10:11:10 HAMMOND: Open the iris.

01:10:28:12 HAMMOND: Dr. Kieran...

01:10:29:29 DR. KIERAN: I apologize for Ambassador Dreylock and Commander Hale. They
were called to an emergency cabinet meeting. The non-aggression pact
was signed an hour ago.

01:10:38:22 HAMMOND: My superiors will be meeting soon to discuss your situation.

01:10:41:22 DR. KIERAN: In the meantime, I'd like to speak to Jonas Quinn.

01:10:59:25 DR. KIERAN: Jonas...

01:11:01:23 JONAS: Professor...I didn't know that you were back.

01:11:07:16 DR. KIERAN: So this is where you're working now.

01:11:09:28 JONAS: Yeah, when, uh, when I'm not off-world. Please...

01:11:16:03 DR. KIERAN: Off-world...You must have seen some incredible things.

01:11:20:29 JONAS: You have no idea.

01:11:22:11 DR. KIERAN: Well, you always were a dreamer, Jonas...

01:11:25:27 DR. KIERAN (CONT'D): but, of course, some of us had to stay behind to deal with
reality.

01:11:29:10 JONAS (O/S): Well, I had to leave.

01:11:30:26 JONAS (CONT'D): I mean, these people have a much better chance of doing
something useful with the Naquadria than we ever had.

01:11:35:24 DR. KIERAN: What good is that to Kelowna?

01:11:42:16 JONAS: Well, if they can master shield technology, they'll share that with us.

01:11:46:00 DR. KIERAN: They won't even share their most basic military hardware.

01:11:49:18 JONAS: That's because you come to them as a representative of only one nation.

01:11:53:28 JONAS (CONT'D O/S): What the people on our planet need to do...

01:11:56:26 JONAS (CONT'D): is to get over their differences and unite.

01:12:04:19 DR. KIERAN: Do you really believe that?

01:12:07:08 JONAS: Of course.

01:12:11:12 DR. KIERAN: Then come with me now, and we can make it happen.

01:12:14:00 JONAS: What are you talking about?

01:12:15:07 DR. KIERAN: I couldn't say anything before because the other two are not part of
the organization.

01:12:22:05 DR. KIERAN: The Resistance.

01:12:24:00 DR. KIERAN (O/S): I'm a member of an underground network...

01:12:26:01 DR. KIERAN (CONT'D): Jonas. We've infiltrated every level of government--the
civil service, even the military. We intend to stop our leaders before they
take us to the brink of destruction.

01:12:34:25 JONAS: You're talking about a coup.

01:12:36:05 DR. KIERAN: When the time is right, but we need your help.

END OF ACT ONE

ACT TWO

01:13:12:11 JONAS: This is insane. I mean, you're telling me that you're part of a secret organization that is going to seize power from the government.

01:13:20:20 DR. KIERAN: That's right.

01:13:22:04 JONAS: You're going to get yourself killed.

01:13:23:21 DR. KIERAN: On the contrary. This is our best chance for survival. There's widespread discontent with the government's hard-line war policy.

01:13:31:14 DR. KIERAN (CONT'D O/S): That's true in Tirania and with the Andari Federation as well.

01:13:35:16 DR. KIERAN (CONT'D): The people of all three countries are sick of this never-ending conflict, but their leaders have stopped listening to them.

01:13:43:17 JONAS: Do you really think you can succeed?

01:13:47:23 DR. KIERAN: I was at the first test of the Naquadria bomb. I saw the destruction. I've been having nightmares about it ever since.

01:13:59:19 DR. KIERAN (CONT'D): We have to succeed.

01:14:04:15 HAMMOND: When are they going to move against the government?

01:14:06:17 JONAS: I don't know, but if they intend to prevent a war, they're going to have to do something fast.

01:14:10:18 TEAL'C: That will not prevent their enemies from attacking.

01:14:12:15 JONAS: According to Dr. Kieran, there is popular support for a negotiated settlement in all three countries.

01:14:17:10 JONAS (CONT'D O/S): Now, they believe that if the Resistance can seize power in Kelowna, this will...

01:14:21:21 JONAS (CONT'D): compel the other governments to come back to the table or risk similar uprisings. At the very least, they'll be too busy dealing with internal discontent to launch an attack.

01:14:29:13 CARTER: If they can pull it off, we might have a more viable trading partner.

01:14:33:04 O'NEILL: We'd need a lot more intel before we proceed with anything.

01:14:36:27 HAMMOND: The Pentagon has authorized SG-1 to return to the planet and offer the Kelownan government non-military technology in exchange for Naquadria.

01:14:44:08 O'NEILL: They'll never go for it.

01:14:45:28 HAMMOND: Maybe not, but we have to explore every avenue.

01:14:48:04 HAMMOND (CONT'D O/S): In the meantime, I want you to make contact with the Resistance and...

01:14:51:23 HAMMOND (CONT'D): determine their strength, their numbers, and their chance for success.

01:15:06:27 DR. KIERAN: Are you ready to go home?

01:15:08:21 JONAS: I'm not expecting a parade.

01:15:10:01 DR. KIERAN: Not everyone in Kelowna thinks you're a traitor.

01:15:12:25 DR. KIERAN (CONT'D O/S): After you left, all of the us working on the Naquadria project...

01:15:16:16 DR. KIERAN (CONT'D): began to question what we were doing. You opened our eyes.

01:15:20:12 JONAS: Anyway, it's just temporary. If I stay, a minute after the negotiations are finished, I'll be arrested for treason.

01:15:26:19 DR. KIERAN: That will all change after the Resistance takes power.

01:15:31:11 O'NEILL: All right, let's move out.

01:15:52:13 AMBASSADOR DREYLOCK: Hello again. I apologize for the delay, but these are difficult times for us. May I present...

01:15:58:08 AMBASSADOR DREYLOCK (CONT'D O/S): First Minister Valis? Colonel O'Neill,
 Teal'c, Major Carter.

01:16:03:00 FIRST MINISTER VALIS: And Jonas Quinn.

01:16:09:13 FIRST MINISTER VALIS: It's good to see you again, Jonas.

01:16:11:06 JONAS: Thank you, sir.

01:16:14:05 FIRST MINISTER VALIS: Shall we?

01:16:24:13 AMBASSADOR DREYLOCK: Have you spoken to your superiors?

01:16:26:13 O'NEILL: Why, yes, we have. They send their best.

01:16:37:19 CARTER: We've been authorized to continue the trade negotiations.

01:16:40:19 FIRST MINISTER VALIS: Excellent.

01:16:43:24 CARTER: Before we continue, there's something I'd like to clarify. Back on Earth...

01:16:49:10 CARTER (CONT'D O/S): Ambassador Dreylock referred to recent discoveries
 leading to a surplus of Naquadria.

01:16:53:17 FIRST MINISTER VALIS: Yes. Our archaeologists have discovered a series of
 mine shafts beneath the original site. We've managed to extract and
 process a considerable amount.

01:17:04:00 CARTER: How much?

01:17:05:22 FIRST MINISTER VALIS: I thought you might be interested in the figures, so I had
it converted to your weight system. I believe it's something in the area of
300 pounds.

01:17:19:06 CARTER: That's an awful lot of dangerous material.

01:17:23:11 CARTER (CONT'D): If you like, I could take a look at your storage facilities. I
might be able to offer some useful advice.

01:17:27:19 COMMANDER HALE: That won't be necessary.

01:17:30:26 FIRST MINISTER VALIS: It's purely a matter of safety.

01:17:32:15 FIRST MINISTER VALIS (CONT'D O/S): As Major Carter said, the Naquadria is
extremely dangerous...

01:17:36:16 FIRST MINISTER VALIS (CONT'D): and we'd hate for some sort of accident to
happen.

01:17:41:20 O'NEILL: Mm.

01:17:43:26 TEAL'C: Clearly, have more Naquadria than you require. What precisely are you
asking for in return?

01:17:50:10 COMMANDER HALE: We need to start by addressing a serious imbalance in air power.

01:17:56:04 COMMANDER HALE (CONT'D O/S): Our enemies have superior numbers in both strategic bombers and long-range fighter escorts.

01:18:02:00 COMMANDER HALE (CONT'D): Our only hope to counter them is to get our jet interceptor program off the ground.

01:18:07:07 FIRST MINISTER VALIS (O/S): We've had some technical difficulties with the program...

01:18:09:26 FIRST MINISTER VALIS (CONT'D): but we have managed to successfully test a few designs. We believe that with the help of Major Carter and a team of your engineers, we can have a combat-ready squadron in less than a month.

01:18:25:03 O'NEILL: Well, that's not exactly what we had in mind.

01:18:30:00 CARTER: We understand from Jonas that Kelownan medical science currently has little or no defense against bacterial infections.

01:18:36:16 CARTER (CONT'D O/S): We're offering a series of drugs known as antibiotics. We estimate they could save up to 15,000 lives in the first year alone.

01:18:44:14 FIRST MINISTER VALIS: That's a generous offer, Major, and under different circumstances, we might accept, but at the moment, we have more pressing needs.

01:19:07:21 DR. KIERAN: So how are the negotiations coming?

01:19:10:21 JONAS: Well, after four hours, the only thing we could agree on was to adjourn for the day.

01:19:17:20 CARTER (O/S): We're clear, sir. No bugs.

01:19:19:02 TEAL'C: I do not believe the Kelownans will settle for anything less than military technology.

01:19:22:18 DR. KIERAN: They know how much you want the Naquadria, and they think that eventually you're going to give them what they want.

01:19:28:00 O'NEILL: In the meantime, we need you to take us to this...Resistance.

01:19:32:11 DR. KIERAN: Well, it's not that simple. I don't get in touch with them. They get in touch with me.

01:19:37:12 CARTER: What exactly do you do for them?

01:19:39:11 DR. KIERAN: I keep them apprised of all the top-level research at the Academy of Science.

01:19:42:25 O'NEILL: Where do you meet them?

01:19:44:14 DR. KIERAN: They have a base of operations in an old warehouse by the freight yards. It's very heavily guarded.

01:19:50:16 O'NEILL: Take us there.

01:19:52:26 DR. KIERAN: I can't. I'm not even supposed to go there myself unless I have a scheduled drop.

01:20:02:08 JONAS: Professor...

01:20:08:14 DR. KIERAN: All right, I'll talk to them.

01:20:50:21 THE LEADER: We weren't expecting you this evening, Professor.

01:20:52:24 DR. KIERAN: I'm sorry. I needed to talk to you.

01:20:55:11 THE LEADER: Well, this isn't a very good time to be taking risks. We've had reports that some members of the government are beginning to question your loyalty.

01:21:00:27 THE LEADER (CONT'D O/S): They've been watching you.

01:21:03:25 DR. KIERAN: I wasn't followed.

01:21:05:26 THE LEADER: Is this about the delegation from Earth?

01:21:07:27 DR. KIERAN: Yes. They want to meet with you.

01:21:10:21 THE LEADER: Well, how do you know they won't betray us to the government in exchange for Naquadria?

01:21:16:24 DR. KIERAN: I don't think they would do something like that.

01:21:18:28 THE LEADER: You trust them?

01:21:22:15 DR. KIERAN: I trust Jonas.

01:21:34:25 JONAS: First Minister...

01:21:38:08 FIRST MINISTER VALIS: Come in.

01:21:47:24 FIRST MINISTER VALIS (O/S): I wanted a chance to talk to you, Jonas, away from the negotiations.

01:21:52:07 FIRST MINISTER VALIS (CONT'D): Please.

01:22:14:22 FIRST MINISTER VALIS: It's difficult for me, Jonas, seeing you sitting across the table...

01:22:20:26 FIRST MINISTER VALIS (CONT'D): acting as the representative of another planet.

01:22:25:12 JONAS: It's not easy for me either...but I made my choices, and I'm going to stick by them.

01:22:34:20 FIRST MINISTER VALIS: I'm sure you thought you were doing the right thing.

01:22:38:04 JONAS: Oh, I know I did the right thing. Stargate Command is going to use the Naquadria to come up with technologies that may one day save this world from an enemy you can't possibly imagine.

01:22:54:22 FIRST MINISTER VALIS: You were one of the most promising...

01:22:56:25 FIRST MINISTER VALIS (CONT'D O/S): young men any of us had ever seen.

01:23:02:20 FIRST MINISTER VALIS (CONT'D): Our people had such high hopes for you.

01:23:05:13 JONAS: You're not the only one who was disappointed.

01:23:08:18 FIRST MINISTER VALIS: I know...

01:23:09:26 FIRST MINISTER VALIS: that you think this is the same old bad blood resurfacing again, just another round of petty violence, but it's not. This time...this time, Jonas, we face total defeat.

01:23:32:07 JONAS: Then get back to the negotiating table. Give up...

01:23:34:12 JONAS (CONT'D O/S): some land. You do whatever it takes.

01:24:27:11 FIRST MINISTER VALIS: On the contrary. I'm asking you to help a friend.

01:24:39:19 FIRST MINISTER VALIS: Dr. Kieran hasn't been the same since you left.

01:24:46:05 FIRST MINISTER VALIS (CONT'D): Unfortunately, the strain of completing the
 Naquadria project has...has taken its toll. Lately, his behavior has
 become increasingly erratic.

01:25:00:22 JONAS: How do you mean?

01:25:04:12 FIRST MINISTER VALIS: We're concerned that in his current state, he may be
 prone to errors of judgment. We want someone to watch over him.

01:25:13:05 JONAS: You mean spy on him?

01:25:14:19 FIRST MINISTER VALIS: He trusts you, Jonas, and he's still very important to us.
 If you do this, you will be granted a full pardon.

01:25:28:06 FIRST MINISTER VALIS (CONT'D O/S): You'll be reinstated into your position at
 the Academy.

01:25:32:00 FIRST MINISTER VALIS (CONT'D): Your life will resume as though none of this
 had ever happened.

01:25:44:17 FIRST MINISTER VALIS: It's time, Jonas, for you to come home.

END OF ACT TWO

ACT THREE

01:26:27:11

DR. KIERAN: Oh, I'm tired.

01:26:35:15

JONAS: You've been under a lot of strain.

01:26:41:24

DR. KIERAN: I can't concentrate anymore. I've got these headaches, and my
mind wanders.

01:26:51:21

JONAS: It'll all be over soon.

01:26:57:15

DR. KIERAN: Do you think I should take Colonel O'Neill and the others to meet
the Resistance?

01:27:02:26

JONAS: They can help.

01:27:06:25

DR. KIERAN: I don't know if I trust them.

01:27:08:18

JONAS: You trust me, don't you?

01:27:12:15

DR. KIERAN: Of course.

01:27:14:06

JONAS: Don't worry, then.

01:27:23:01

JONAS: Everything's going to be fine.

01:27:27:11 COMMANDER HALE: You have surface-to-air missiles that are capable of destroying enemy bombers before they reach our cities.

01:27:34:18 O'NEILL: Yes, we do, but we can't give them to you.

01:27:38:11 COMMANDER HALE: It's purely a defensive technology.

01:27:41:26 O'NEILL: Yes, and then one day, you take down enemy aircraft defending their cities, and quite suddenly, yes, quite suddenly, they become not just defensive, but offensive.

01:27:54:04 TEAL'C: Any superior defensive technology can ultimately be turned into an offensive advantage.

01:27:58:21 AMBASSADOR DREYLOCK: But we are not the aggressors here.

01:28:00:20 CARTER: You said you wanted a quick and decisive victory.

01:28:03:03 CARTER (CONT'D O/S): Now, we can only assume that that means...

01:28:05:23 CARTER (CONT'D): you intend to press any advantage that we give you.

01:28:08:18 FIRST MINISTER VALIS (O/S): Yes...

01:28:09:10 FIRST MINISTER VALIS (CONT'D): as a means of saving lives.

01:28:12:26 AIDE: First Minister?

01:28:17:00 FIRST MINISTER VALIS: Excuse us a moment.

01:28:26:02 O'NEILL: This is proving quite fruitless. Have you spoken with your professor?

01:28:31:01 JONAS: No, I haven't seen him today.

01:28:34:08 FIRST MINISTER VALIS: We've just received intelligence that the Tiranians are
 massing their troops on our northern border.

01:28:41:28 CARTER: Have they broken off diplomatic relations?

01:28:45:19 AMBASSADOR DREYLOCK: Not yet.

01:28:47:04 CARTER: Well, then, there's still a chance.

01:28:49:27 CARTER (CONT'D): Maybe we could talk to them.

01:28:51:27 FIRST MINISTER VALIS: You?

01:28:52:25 CARTER: Well, Stargate Command has teams of skilled diplomats. It might help
 to...

01:28:56:23 CARTER (CONT'D O/S): have an objective third party at the table.

01:28:59:03 FIRST MINISTER VALIS: No, I'm afraid that's impossible.

01:29:00:21 CARTER: Why?

01:29:48:23 FIRST MINISTER VALIS: Isn't that right, Colonel?

01:29:56:10 O'NEILL: Yeah.

01:30:02:18 (BANGING ON DOOR)

01:30:03:29 DR. KIERAN: Who is it?

01:30:05:18 JONAS (O/S): Professor, it's me.

01:30:07:27 DR. KIERAN: Jonas?

01:30:09:17 JONAS (O/S): Yeah, Professor. Open up.

01:30:19:20 JONAS: Is something wrong?

01:30:21:04 DR. KIERAN: Uh, it's Tomis, Tomis Leed. He's another one of the scientists on
 the Naquadria project.

01:30:28:21 JONAS: Yeah, what's wrong with him?

01:30:30:04 DR. KIERAN: He was transferred overnight. They cleaned out his office, and they
 won't say where he went.

01:30:34:04 CARTER: Was he a member of the Resistance?

01:30:36:01 DR. KIERAN: I recruited him myself. God. Now I'm going to get arrested.

01:30:40:02 JONAS: No, we don't know that.

01:30:41:13 DR. KIERAN: This is not the first time it's happened. About a month ago, it was
Dr. Silas. They said he was transferred as well...

01:30:45:27 DR. KIERAN (CONT'D O/S): and he hasn't been seen or heard from him since.

01:30:48:13 DR. KIERAN (CONT'D): We were the three original members of the project. Now
I'm the only one left.

01:30:53:25 O'NEILL: All right. We're out of here.

01:30:55:21 DR. KIERAN: You're leaving?

01:30:57:11 O'NEILL: The negotiations are going nowhere...

01:30:59:11 O'NEILL (CONT'D O/S): you're not helping us, and quite frankly...

01:31:01:19 O'NEILL (CONT'D): your organization is about to be exposed.

01:31:03:29 DR. KIERAN: Wait. We're going to make our move in two days, but we need your
help.

01:31:11:02 TEAL'C: What are you proposing?

01:31:12:21 DR. KIERAN: We're in a position to take every major government building in the city except one--this one. This is their most heavily-guarded facility.

01:31:19:18 CARTER: Because of the Stargate.

01:31:20:26 DR. KIERAN: That's right, but you people can come and go as you please.

01:31:23:16 DR. KIERAN (CONT'D O/S): You could get a hundred armed men in here before anyone knew what happened.

01:31:26:27 DR. KIERAN (CONT'D): You could take the building from the inside. They wouldn't have to fire a shot.

01:31:29:28 O'NEILL: Not a chance.

01:31:31:21 DR. KIERAN: Think about it. If you want this coup to succeed, it has to be quick, it has to be as bloodless as possible. If we try to take the building ourselves, we'll get caught in a drawn-out firefight, and the whole thing could dissolve into a civil war.

01:31:43:03 O'NEILL: Not my problem.

01:31:44:24 DR. KIERAN (O/S): There's something else.

01:31:46:24 DR. KIERAN (CONT'D): Over the past three months, I've been smuggling small amounts of Naquadria into the Resistance.

01:31:55:04 DR. KIERAN (CONT'D): We've built up a considerable stockpile.

01:32:02:11 DR. KIERAN (CONT'D): If you help us, it's yours.

01:32:08:13 DR. KIERAN: At least talk to them. I'll set up a meeting.

END OF ACT THREE

ACT FOUR

01:32:53:27 DR. KIERAN: Jonas...what are you doing here?

01:32:56:22 JONAS: You're being followed. This way.

01:33:07:15 JONAS: How far is it to Resistance headquarters?

01:33:10:18 DR. KIERAN: It's just down that way.

01:33:11:22 JONAS: Show me.

01:33:13:00 KELOWNAN SOLDIER (YELLING): You there! Don't move!

01:33:14:25 (GUNSHOT FIRING)

01:34:01:10 DR. KIERAN (YELLING): Jonas!

01:34:02:24 JONAS (CALLING): Professor!

01:34:21:11 HAMMOND: What's his condition, Doctor?

01:34:23:12 DR. FRAISER: Well, sir, he has a severe fracture to his left tibia...

01:34:26:13 DR. FRAISER (CONT'D): but it's the blunt trauma to the head that worries me.

We'll keep him under observation for now.

01:34:31:19 HAMMOND (O/S): Any idea how it happened?

01:34:34:13 DR. FRAISER: According to the Kelownans, he was found lying in a deserted street.

01:34:37:20 DR. FRAISER (CONT'D O/S): No one knows how he got there. Apparently, Jonas was the one who convinced them that he would...

01:34:41:12 DR. FRAISER (CONT'D): have a better chance of recovery with us.

01:34:43:10 HAMMOND: Keep me posted.

01:34:44:22 DR. FRAISER: Yes, sir.

01:34:48:28 HAMMOND: What exactly are the Kelownans saying?

01:34:50:28 O'NEILL: Not much.

01:34:53:10 CARTER: They claim to have no knowledge of how Dr. Kieran was injured.

01:34:56:04 TEAL'C: And yet he did have fear he was under threat from the government.

01:34:59:05 CARTER: Yeah, but if they suspected that he was some kind of rebel spy, they would never have let us bring him back here.

01:35:03:21 O'NEILL: His own people may have tried to take him out if they felt he had been compromised.

01:35:07:19 HAMMOND: The question is, what do we do now? Do we go back to the table?

01:35:10:23 O'NEILL: Sir--

01:35:13:03 JONAS (INTERRUPTING): General...

01:35:16:08 JONAS: With all due respect, if we terminate negotiations now, we're going to be backing them into a corner.

01:35:20:21 JONAS (CONT'D O/S): The way they see it, they'll have no other choice...

01:35:23:00 JONAS (CONT'D): but to launch a preemptive first strike with the Naquadria bomb.

01:35:25:23 O'NEILL: Jonas, we're going to have to do it sooner or later. We can't give them what they want.

01:35:30:21 JONAS: Well, what about the Resistance? If we can help the Resistance seize power, we'll still get the Naquadria, plus we'll be saving millions of lives.

01:35:37:03 O'NEILL: Even if we wanted to, realistically, there's no way we could find them.

01:35:41:15 CARTER: Actually, sir, that's not exactly true.

01:35:43:15 HAMMOND: Major?

01:35:44:27 CARTER: Well, if Dr. Kieran really did smuggle Naquadria to the Resistance headquarters, I can track it.

01:36:00:03 CARTER: This is where they found Dr. Kieran.

01:36:04:10 CARTER: I'm picking something up.

01:36:06:23 CARTER: This way.

01:36:17:05 JONAS: Professor...

01:36:18:25 DR. KIERAN: Jonas, where am I?

01:36:21:04 JONAS: You're safe.

01:36:24:00 DR. KIERAN: We need to get to the Resistance.

01:36:25:20 DR. KIERAN (CONT'D): They need our help.

01:36:27:07 JONAS: It's all right, it's all right. Everything's going as planned. We'll be making contact soon.

01:36:32:17 DR. KIERAN: We have to stop the First Minister from using the bomb.

01:36:37:16 JONAS: We will, we will.

01:36:40:03 DR. KIERAN: I never meant for it to turn out this way, Jonas. We were scientists.
We thought we were pursuing knowledge. We had no idea what we were creating.

01:36:52:09 JONAS: It's not your fault.

01:36:57:18 HAMMOND: You have something, Doctor?

01:36:58:22 DR. FRAISER: Yes, sir. These are Dr. Kieran's...

01:37:00:10 DR. FRAISER (CONT'D O/S): P.E.T. scans. It shows no sign of brain damage from the injury...

01:37:04:10 DR. FRAISER (CONT'D): but there is something else. These images are consistent with someone suffering from advanced schizophrenia.

01:37:11:04 HAMMOND: Dr. Kieran is one of the Kelownans' leading scientists. He's the head of their most top-secret program.

01:37:15:27 DR. FRAISER: I know, I can't explain it. The onset of this disease is extremely rare over the age of 35.

01:37:21:02 HAMMOND: That would mean he's been functioning for at least 20 years without anyone noticing his condition.

01:37:25:12 DR. FRAISER: It's almost inconceivable.

01:37:26:28 HAMMOND: What kind of symptoms are we talking about here?

01:37:29:08 DR. FRAISER: Paranoia, delusions, possibly even full-blown hallucinations.

01:37:35:21 DR. KIERAN: I'm glad you weren't there the day we tested the bomb, Jonas.

01:37:40:20 JONAS: It must have been hard for you.

01:37:42:14 DR. KIERAN: I'll never forget it. The ground shook. The air caught fire. The
destruction was unimaginable.

01:37:51:24 COMMANDER HALE: The Tiranian central forces are located here. We'll move
the third division and the reserves to this point.

01:37:58:28 FIRST MINISTER VALIS: How long can we resist?

01:37:59:10 JONAS (O/S): First Minister?

01:38:02:24 JONAS: We need to talk.

01:38:09:02 CARTER: This way, sir.

01:38:14:29 CARTER: In here.

01:38:39:07 O'NEILL: Carter, are you sure?

01:38:41:10 CARTER: Yes, sir. This is the place.

END OF ACT FOUR

ACT FIVE

01:39:14:00 (BEEPING)

01:39:16:02 CARTER: Over here, sir.

01:39:24:26 CARTER: Naquadria...a lot of it.

01:39:37:10 COMMANDER HALE: We must defend ourselves.

01:39:42:25 JONAS: You're going to use the Naquadria bomb, aren't you?

01:39:45:02 COMMANDER HALE: If Earth will not help us, we have no choice.

01:39:50:25 JONAS: I wish you could see what I've seen. I have actually been on board a
Goa'uld mothership. I've seen...

01:39:58:23 JONAS (CONT'D O/S): their destructive power. They can park in orbit and...

01:40:02:15 JONAS (CONT'D): systematically annihilate every major city...

01:40:05:09 JONAS (CONT'D O/S): on our entire planet, regardless of who's Kelownan or
Tiranian.

01:40:09:26 JONAS (CONT'D): To them, we're all just potential slaves.

01:40:12:17 FIRST MINISTER VALIS: Jonas, the Goa'uld haven't been here for a thousand years. What makes you think they would come back now?

01:40:17:10 JONAS: The Naquadria is a derivative of Naquadah, which is the very basis of their technology.

01:40:25:14 JONAS (CONT'D O/S): It's literally in their blood. They can smell it.

01:40:29:06 JONAS (CONT'D): If you continue using it, I guarantee you...

01:40:32:16 JONAS (CONT'D O/S): eventually they will take notice.

01:40:35:00 O'NEILL: Jonas...

01:40:38:03 O'NEILL: We're leaving.

01:40:41:14 JONAS: Just wait.

01:40:48:00 JONAS (WHISPERING): What happened?

01:40:49:16 O'NEILL (WHISPERING): Carter and Teal'c are back at the SGC already.

01:40:54:23 JONAS (WHISPERING): What about the Resistance?

01:40:57:14 O'NEILL (WHISPERING): There is no Resistance. It was all in his head, a fantasy.

01:41:06:15 JONAS (WHISPERING): That's impossible.

01:41:10:00 O'NEILL (WHISPERING): This is from Fraiser. Dr. Kieran is schizophrenic.

01:41:18:19 O'NEILL (CONT'D): It might be a side effect of the research they've been doing here.

01:41:21:28 JONAS (WHISPERING): The Naquadria...

01:41:23:17 O'NEILL (WHISPERING): It's time to go home.

01:41:30:20 O'NEILL: Jonas...

01:41:32:05 JONAS: What happened to Dr. Silas and Dr. Leed?

01:41:37:10 JONAS: They weren't transferred, were they?

01:41:41:16 FIRST MINISTER VALIS: They were taken to a government mental facility, Jonas.

01:41:44:09 JONAS: You knew.

01:41:45:19 FIRST MINISTER VALIS: No, we suspected. We had thought that Dr. Silas was a unique case...

01:41:54:24 FIRST MINISTER VALIS (CONT'D O/S): but when Dr. Leed began to exhibit similar behavior...

01:41:57:12 FIRST MINISTER VALIS (CONT'D): we became concerned.

01:42:04:03 JONAS: That's why you wanted me to keep an eye on him.

01:42:05:23 COMMANDER HALE: We had to keep it quiet so as not to alarm the other
scientists. Their research is too important.

01:42:25:10 DR. DR. FRAISER: As near as I can tell, it's a unique form of brain damage
resulting from long-term exposure to Naquadria radiation.

01:42:31:22 CARTER: I went over the specs from the Kelownan bomb project. It looks like
they never had proper shielding.

01:42:36:15 HAMMOND: Is Jonas at risk?

01:42:37:29 DR. DR. FRAISER: No. I've already tested him. He's negative. My guess is he
didn't have enough exposure.

01:42:43:15 HAMMOND: The Pentagon is eager to resume our own research on the
Naquadria you found...

01:42:47:29 HAMMOND (CONT'D O/S): at the warehouse.

01:42:49:19 DR. FRAISER: It shouldn't be a problem, sir.

01:42:50:23 DR. FRAISER (CONT'D O/S): I mean, we are double-checking...

01:42:51:20 DR. FRAISER (CONT'D): but I think that our existing safeguards are sufficient.

01:42:54:25 CARTER: I sent a message to the Kelownans detailing the risk and offering our help to upgrade their facilities. Unfortunately, I haven't gotten any response.

01:43:02:28 HAMMOND: In fact, we've heard nothing from the Kelownans since Colonel O'Neill and Jonas returned.

01:43:06:23 TEAL'C: They may well be at war by now.

01:43:09:08 JONAS: What about Dr. Kieran?

01:43:11:21 DR. FRAISER: With proper medication, we can keep his condition from deteriorating. Unfortunately, there's no way to reverse the damage that's already been done.

01:43:37:29 DR. KIERAN: Jonas...

01:43:39:19 JONAS: Professor...

01:43:40:20 DR. KIERAN: I hear I'm being moved today.

01:43:42:13 JONAS: Yeah. We're going to take you to a facility that's better equipped to deal with your needs.

01:43:54:00 DR. KIERAN: I understand everything's in place for the coup.

01:43:59:04 JONAS: Really?

01:44:00:06 DR. KIERAN: They're keeping me informed.

01:44:12:22 DR. KIERAN (O/S): After they take power, the Resistance is going to...

01:44:14:11 DR. KIERAN (CONT'D): dismantle the bomb and shut down the Naquadria project
forever.

01:44:22:15 JONAS: That's good, Professor. They couldn't have done it without you.

01:44:29:05 DR. KIERAN: Do you really think so?

01:44:30:21 JONAS: I know so. You saved the world.
